CAPABILITIES

Illustrator & Graphic Designer specializing in images of Nature, Science, & our Public Lands

Highly professional, responsive, and experienced in collaborating with National Park and municipal administrators, staff, scientists, & publishers. Joyce systematically and creatively manages art projects from concept to delivery, communicating with the project team at every stage. Extensive portfolio, proven record.

CORE COMPETENCIES

Artwork for Interpretive Exhibits, Signage, & Infographics

- Public Lands Visitor Centers
- Museum & Nature Center Exhibits
- Kiosks & Wayfinding Signage

Illustration of books on Nature & the National Parks

- Narrative non-fiction for readers of all ages
- Activity books

Graphic Design

- Signage & wayfinding
- Brochures & booklets, print/digital
- Logos & promotional materials/merchandise
- Product packaging & labeling

Art Direction & Project Management

- Define milestones, budget, and timeline at Concept, Pencil Rough, Color Composition, Final
- Creation of itemized Illustration List
- Facilitate communication among team members via dedicated project web page
- Commitment to on-time, on-budget delivery

UNIQUE PERSPECTIVE

"As a trained engineer, my technical background and artistic nature combine to offer a unique perspective on the natural sciences. Time spent with field observation and research allows me to render scientifically accurate images with a painterly style and colorful palette, engaging viewers and readers of all ages."

Joyce Turley's illustration studio at Dixon Cove Design is located in the foothills of the Rocky Mountains. She enjoys convenient observation of deer, coyotes, lizards, bears, snakes, and hawks - just outside the picture windows!

PEACE IS ROOTED IN OUR NATURE™

JOYCE MIHRAN TURLEY
